Meta Trader 4 (MT4) Leverage Profiles

Please note that the default leverage ratio offered by Markets.com is 1:50 with the option to select at your discretion, during or after the account opening process, up to 1:300.

Our leverage ratios across the asset classes of Foreign Exchange ("FX"), Commodities, Indices, Shares, ETFs and Bonds, ("asset classes", "assets", "instruments" or "products") can be found on the table below. Note that in line with our Terms and Conditions, leverage ratios are set based on our own internal leverage policy, subject to regulatory requirements and / or ceilings.

Kindly note that depending on your knowledge and experience your leverage ratio may be limited for a period of time, to a maximum of 1:50.
